Heavy rain will cause further flooding and disruption to travel.

What to expect

- There is a small chance that homes and businesses could be flooded, causing damage to some buildings
- There is a small chance of fast flowing or deep floodwater causing danger to life
- Where flooding occurs, there is a slight chance of delays or cancellations to train and bus services
- There is a small chance that some communities will become cut off by flooded roads
- There is a slight chance of power cuts and loss of other services to some homes and businesses
- Spray and flooding could lead to difficult driving conditions and some road closures

Further details

Further heavy rain during Thursday, easing for a time in the north, but a further spell of heavy rain moving across the area during Friday.

Rainfall totals will vary, but 20-40 mm is expected widely, with 50-60 mm in places and as much as 80 mm over some hills. This is in addition to the very high rainfall totals over the previous 24-36 hours over the north of the area, where an Amber warning remains in place.

Very low likelihood of medium impacts
